Marriage Minute

The reality of Man and Woman forming the Sacrament of Matrimony sheds light on why the Church recommends to couples to not live together before the bond of matrimony exists and likewise to not engage in sexual intercourse before the bond exists. Which comes first in the sacramental meaning of marriage, the family or the bond? The bond forms the family, and when a couple lives together without the bond present, they are not being truthful with their actions and thus, are not being an accurate sign of the Trinity. The reality of Man and God created marriage to signify this reality, and when a couple is a countersign, the Church is there to help them realize that they were created for more than simply a more convenient living situation. The relationship of man and woman and its great potential is a sign of the dignity of Church has the obligation to always protect human dignity even when it is unpopular.

The unfortunate thing is that the church is falsely stereotyped as simply having its teachings on cohabitation and premarital sex for the purpose of ruining people's fun, and thinking so little of sex. The reality is that the Church thinks so highly of the couple and their sexual relationship that it wishes to help couples maximize their sexual relationship by living it out as it was intended in marriage.

Today's Thought ~ Prayer is asking for rain. Faith is carrying an umbrella.

Funny: The Wed. night church service coincided with the last day of hunting season. The pastor asked who had bagged a deer. No one raised a hand. Puzzled, the pastor said, "I don't get it. Last Sunday many of you said you were missing because of hunting season. I had the whole congregation pray for your deer." One hunter groaned, "Well, it worked. They're all safe."
